

INSIDE WIREMAN'S AGREEMENT 2021-2026

Agreement by and between the Sacramento Electrical Contractors Association Inc. and Local Union No. 340, IBEW.

It shall apply to all firms who sign a Letter of Assent to be bound by the terms of this Agreement.

As used hereinafter in this Agreement, the term SECA shall mean the Sacramento Electrical Contractors Association, Inc. and the term "Union" shall mean Local Union No. 340, IBEW.

The term "Employer" shall mean an individual firm who has been recognized by an assent to this Agreement.

BASIC PRINCIPLES

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system and harmonious relations are necessary to improve the relationship between the Employer, the Union and the Public. Progress in industry demands a mutuality of confidence between the Employer and the Union. All will benefit by continuous peace and by adjusting any differences by rational, common sense methods. Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:

ARTICLE I

EFFECTIVE DATE - CHANGES - GRIEVANCES - DISPUTES

I.1

This Agreement shall take effect June 1, 2021 and shall remain in effect until May 31, 2026 unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from June 1 through May 31 of each year, unless changed or terminated in the way later provided herein.

I.2

Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter, desiring to change or terminate this Agreement must provide written notification at least 90 days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

I.2 (A)

Whenever notice is given for changes, the nature of the changes desired must be specified in the notice, or no later than the first negotiating meeting unless mutually agreed otherwise.

I.2 (B)

The existing provisions of the Agreement, including this Article, shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

1.2 (C)

Unresolved issues or disputes arising out of the failure to negotiate a renewal or modification of this Agreement that remain on the 20th of the month preceding the next regular meeting of the Council on Industrial Relations for the Electrical Contracting Industry (CIR) may be submitted jointly or unilaterally to the Council for adjudication. Such unresolved issues or disputes shall be submitted no later than the next regular meeting of the Council following the expiration date of this Agreement or any subsequent anniversary date. The Council's decision shall be final and binding.

1.2 (D)

When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.

1.2 (E)

Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

1.3

This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of the I.B.E.W. for approval, the same as this Agreement.

1.4

There shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

1.5

There shall be a Labor-Management Committee of three representing the Union and three representing the Employers. It shall meet regularly at such stated times as it may decide. However, it shall also meet within 48 hours when notice is given by either party. It shall select its own Chairman and Secretary. The Local Union shall select the Union representatives and the Chapter shall select the Management representatives.

1.6

All grievances or questions in dispute shall be adjusted by the duly authorized representative of each of the parties to this Agreement. In the event that these two are unable to adjust any matter within 48 hours, they shall refer the same to the Labor-Management Committee.

1.7

All matters coming before the Labor-Management Committee shall be decided by majority vote. Four members of the Committee, two from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting.

1.8

Should the Labor-Management Committee fail to agree to adjust any matter, such shall then be referred to the Council on Industrial Relations for the Electrical Contracting Industry for adjudication. The Council's decisions shall be final and binding.

I.9

When any matter in dispute has been referred to conciliation or arbitration for adjustment, the provisions and conditions prevailing prior to the time such matter arose shall not be changed or abrogated until agreement has been reached or a ruling has been made.

I.10

Any complaint or grievance not called to the attention of either party by the aggrieved, in writing, within ten (10) workdays from the date of the alleged complaint, dispute or grievance shall be considered waived, null and void.

I.11

The Union and the Employer intend that the Grievances-Disputes provision in this Agreement shall be the exclusive method of resolving all disputes between the Employer and the Union and the employees covered by this Agreement. Such disputes shall include any statutory claims relating to the payment of wages for the time worked, training time, rest and meals periods, or overtime pay, including any alleged violations of the Federal Fair Labor Standards Act, the California Labor Code, Wage Order 16 of the Industrial Welfare Commission of the State of California, California Business & Professions Code section 17200 et seq., Federal and State prevailing wage laws, and all other wage and hour related matters (hereinafter referred to collectively as "wage and hour claims or disputes"). The parties agree that any employee's or employees' wage and hour claims or disputes shall be resolved through the grievance and arbitration process provided for in this Agreement. All wage and hour claims or disputes shall be filed within one (1) year of the alleged violation on which the alleged hour claim or dispute is based.

I.11 (A)

Only the Union has the right to assert collective or class action grievance or claims on behalf of more than one employee. All such grievance shall be initiated and processed in accordance with the above grievance and arbitration provisions in this Agreement. The employees (by and through the Union) shall be provided all substantive rights and remedies available under applicable law. Where the Union chooses not to prosecute a grievance for wage and hour claims or disputes, an employee may initiate a grievance for wage and hour claims or disputes under this Agreement, and the employee shall be provided all substantive remedies that he/she would otherwise be entitled under applicable law. Notwithstanding the preceding sentence, an individual employee cannot pursue class and/or collective wage and hour claims or disputes or grievance on behalf of more than the individual employee. It is the goal of the parties to swiftly and fairly address and resolve all employee concerns. The employer and the Union agree to work swiftly and cooperatively to resolve and remediate, if necessary, any disputes that arise. This section applies only to statutory claims that authorize the use of a class or collective action procedure.

II.8 (B)

If, as a result of violations of this Section, it is necessary for the Union and/or the Trustees of the joint trust funds to institute court action to enforce an award rendered in accordance with subsection (b) above, or to defend an action which seeks to vacate such award, the Employer shall pay any accountants' and attorneys' fees incurred by the Union and/or Fund Trustees, plus cost of the litigation, which have resulted from the bringing of such court action.

IV.2

The Union shall be the sole and exclusive source of referral of applicants for employment.

IV.3

The Employer shall have the right to reject any applicant for employment.

IV.4

The Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligation of Union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.

IV.7

The Employer shall notify the Business Manager promptly of the names and social security numbers of such "Temporary Employees" and shall replace such "Temporary Employees" as soon as registered applicants for employment are available under the Referral Procedure.

An equal number of members (either 3 or 4) shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the Local Union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all other (unindentured, intermediate journeymen, etc.)

V.2

All JATC member appointments, reappointments and acceptance of appointments shall be in writing. Each member shall be appointed for a 3-year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

V.3

Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this Agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

V.4

There shall be only one (1) JATC and one (1) Local Apprenticeship and Training Trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this Agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

V.5

The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director's job description provided by the NJATC. All Employees of the JATC shall serve at the pleasure and discretion of the JATC.

V.6

To help ensure diversity of training, provide reasonable continuous employment opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job-training assignments and for transferring apprentices from one Employer to another. The Employer shall cooperate in providing apprentices with needed work experiences. The Local Union referral office shall be notified, in writing, of all job-training assignments. If the Employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

V.7

All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures. An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

V.8

The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 5.12.

V.9

Though the JATC cannot guarantee any number of apprentices; if a qualified Employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

V.10

To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet jobsite ratios except on wage-and-hour (prevailing wage) jobsites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the Employer, agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage-and-hour (prevailing wage) jobsites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked, as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-aid and CPR. Participation shall be voluntary.

V.11

The Employer shall contribute to the Local Health and Welfare Plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this Agreement.

V.12

Each jobsite shall be allowed a ratio of one (1) apprentices to one (1) Journeyman Wiremen (man).

The first person assigned to any jobsite shall be a Journeyman Wireman.

A jobsite is considered to be the physical location where Employees report for their work assignments. The Employer's shop (service center) is considered to be a separate, single jobsite. All other physical locations where workers report for work are each considered to be a single, separate jobsite.

V.13

An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in-sight-of a Journeyman Wireman. Journeymen are not

required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the Employer's designated Supervisor or Journeyman based on their evaluation of the Apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any jobsite and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a jobsite and apprentices shall not supervise the work of others.

V.14

Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this Agreement.

V.15

The parties to this Agreement shall be bound by the Local Joint Apprenticeship and Training Trust Fund Agreement which shall conform to Section 302 of the Labor-Management Relations Act of 1947 as amended, ERISA and other applicable regulations.

The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

V.16

All Employers subject to the terms of this Agreement shall contribute the amount of funds specified by the parties signatory to the Local Apprenticeship and Training Trust Agreement. The current rate of contribution is per hour for each hour worked as per Attached Appendix A. This sum shall be due the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees' Benefit Agreement and Trust.

ARTICLE VI

The payment and the payroll report shall be mailed to reach the office of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.

The individual Employer hereby accepts, and agrees to be bound by, the Restated Employees' Benefit Agreement and Trust.

An individual Employer who fails to remit as provided above shall be additionally subject to having their Agreement terminated upon seventy-two (72) hours notice in writing being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provision of the Restated Employees' Benefit Agreement and Trust shall also constitute a breach of their Labor Agreement.

VI.1 (A) NEFP (401K)

It is agreed that the individual Employer, in accord with the National Electrical 401(k) Plan Agreement and Trust ("Agreement and Trust") as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers, as amended, will participate in the National Electrical 401(k) Plan ("NEFP").

The individual Employer recognizes that applicable rules require contributions to be transmitted to a 401(k) plan as soon as they can reasonably be segregated from the general assets of the employer. The Trustees of the NEFP strongly encourage all contributing employers to regularly remit the NEFP or its designee any and all bargaining unit employee electrical deferrals within seven (7) business days of the date when the Employer receives or withholds such employee elective deferrals. However, in recognition that some employers may be unable reasonably to segregate participant contributions from their general assets more frequently than the standard monthly processing cycle for participant contributions to pension plans, as noted in U.S. Department of Labor Field Assistance Bulletin 2003-2, all contributions must be remitted by the fifteenth (15th) of the month following the month in which the amounts would otherwise have been payable to the participant. In all events, contributions not remitted by this date shall constitute a debt due and owing to the NEFP. In making such contributions, the individual Employer shall utilize the NEFP's electronic remittance system. Further, in agreeing to participate in the NEFP, the individual Employer agrees to cooperate with the NEFP by submitting all reasonably requested documents and information necessary for the NEFP to perform all required testing of the NEFP under the tax laws.

The Chapter and/or the individual Employer, as the case may be, and the Local Union certify that no existing defined benefit plan was terminated or modified in any manner solely as a condition upon or as a result of the adoption of the NEFP. This provision does not interfere with the rights and obligations of such local plan(s)' trustees to make changes to the plan(s) pursuant to the needs of the plan(s), their fiduciary duty and the requirements of ERISA, the Pension Protection Act or other laws and regulations.

In as much as the NEFP is intended to offer bargaining unit employees the opportunity to defer current salary into a retirement savings plan and not to replace any existing employer-funded defined benefit plan, no employer contributions will be required or accepted on behalf of individuals for hours worked under the terms of this agreement.

The Individual Employer hereby accepts, and agrees to be bound by, the Agreement and Trust.

An individual Employer who fails to remit employee elective deferrals as provided above shall be subject, in addition to all remedies afforded by law or in the Agreement and Trust, to having its participating in the NEFP suspended or terminated at the discretion of the Trustees of the NEFP upon written notice to the individual Employer. An individual Employer who fails to remit as provided above shall be additionally subject to having this agreement terminated upon seventy-two (72) hours' notice in writing being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Agreement and Trust shall also constitute a breach of his labor agreement.

VI.2 PENSION

The Employer shall pay the sum per hour worked (as per attached Appendix A) by each Employee covered by this Agreement into the Sacramento Area Electrical Worker's Pension Trust Fund. The Trustees are authorized by this Agreement to enter into reciprocity of pension benefits with other pension trusts. Apprenticeship pension contribution shall be based on the percentage level of the apprentice. Local pension contributions are not required for apprentices under 60%.

A wage and benefit classification as described in the Appendixes hereto for all journeymen and qualified apprentices each participant shall be determined by the bargaining parties, by unit vote ratifying wages and benefit allocation, in advance of the execution of the Collective Bargaining Agreement and in no case shall either the Union, an employee or the Employer individually or collectively, automatically or by choice, re-establish such classification of wage or pension plan contribution during the term of this Collective Bargaining Agreement. All journeymen and qualified apprentices shall be paid at the applicable ratified wage rate. The ratified wage rate shall include only the rates approved by the majority of those casting votes. All journeymen and qualified apprentices not casting a ratification vote shall be paid the highest approved wage rate. The applicable ratified wage rate shall be the ratified wage rate coincidental with the ratification vote cast by the bargaining unit member, when possible. Otherwise, "applicable ratified wage rate" shall be the lower but next closest ratified wage rate. All ratified wage rates are the subject of good faith collective bargaining and majority vote.

Notwithstanding the foregoing, all employers who on June 1, 1999, were contributing money to the Shasta Butte Electrical Workers Pension Trust shall, of the amounts contributed for Pension, continue to contribute \$2.00 per hour to the Shasta Butte Electrical Workers Pension Trust for all employees who had elected reciprocity from the Sacramento Area Electrical Workers Pension Trust to the Shasta Butte Electrical Workers Pension Trust on or before August 1, 1999. Said contribution shall be credited to the Defined Benefit Plan of the Shasta Butte Electrical Workers Pension Trust. A list of contributing contractors and participant employees this provision applies to is available at the pension trust administrative office.

VI.3 HEALTH & WELFARE

VI.4 (B)

Not more than twenty percent (20%) of the Employees in any shop or any job shall be granted their vacations for the same time unless agreed to by the Employer.

VI.5 (A)

VI.5 (B)

The depository for such savings accounts shall certify that each member account will continue to be insured to the maximum amount provided by federal laws governing such depository.

VI.5 (C)

Each Employee shall submit to the Health and Welfare Trust a written statement designating the depository in which he/she wishes his/her individual savings account established, and authorize the Health and Welfare Trust to make payments to that depository, as called for in this section. The depository designated by the Employee shall be either 1, 2 or 3 above. Said written authorization shall include a clause, which states:
